

**Expand your
business in Russia –
take part in the only in Russia
specialised exhibition
of power electronics
components and systems
for various industries**

POWER ELECTRONICS

15th International exhibition of:

- Power semiconductors
- Passive components
- Secondary power sources and converters
- Storage batteries
- Magnetic and core materials
- Thermal management
- Sensors
- Assemblies and subsystems
- Test and measuring equipment
- Software
- EMC
- **NEW!** Digital devices of electrical drive control systems
- **NEW!** Assembly and installation equipment

**23–25
October
2018**

Crocus Expo,
Moscow, Russia

Organised by
ITE Group

primexpo

+7 (812) 380 6009/00

Key market brands are already at Power Electronics and on Russian market:

CREE	INTERNATIONAL RECTIFIER	PROTON-ELECTROTEX
DELTA ELECTRONICS	IXYS	ROHM
DELTA ELEKTRONIKA	KEYSIGHT TECHNOLOGIES	SEMIKRON
DYNEX	MASCOT	SICK
EA ELEKTRO-AUTOMATIK	MERSEN	TDK-EPCOS
ELECTRONICON	MITSUBISHI ELECTRIC	TDK-LAMBDA
EPCOS	MODULAR DEVICES INC.	TE CONNECTIVITY
FUJI ELECTRIC	MONOLITHIC POWER SYSTEMS	VELKONT
HARTING	MORNSUN	WOLFSPEED
HONEYWELL	MURATA POWER SOLUTIONS	WURTH
HUBER+SUHNER	POWER INTEGRATIONS	ZEZ-SILKO
INFINEON	PROTON	

Business programme topical issues:

- **‘SIC technologies in the production of electronic products’**
scientific-practical seminar
- **‘Components and solutions for electromagnetic compatibility’**
scientific-practical seminar
- **‘The Best Developments of Young Researchers and Engineers in the Field of Power Electronics’** annual contest
- **Open technical seminars**

Facts and figures of 2017:

58 exhibitors

from Russia, UK, Germany, China,
USA, Czech Republic, Japan

2399 visitors

from Russia, Belarus, Ukraine,
Kazakhstan, Georgia

1892 developers
and manufacturers

of electrical equipment and electronic
devices from key industries – power
engineering, transport, military, space,
shipbuilding, aircraft building

507 key distributors
